## RELEVANT EXPERIENCE

### UX/UI Designer - WorkPlace

January 2019- April 2019

Collaborated with software engineers, business analysts and product managers to design and develop solutions through rapid prototyping, bi-weekly sprints, and user testing. Designed and co-created an app called Project for new freelancers.

### UX Design Intern - WorkPlace

May 2019- July 2019

Designed and delivered wireframes, personas, user journeys, and mockups for proposed rebranded website.

## PROJECTS

### Project 1

Creator and lead UX/UI designer of Project 1. App that provides video workouts for people with paraplegia.

### Project 2

Lead UX/UI designer of Project 2. Users receive diagnosis of symptoms through computer vision, and SMS.

### Project 3

Lead UX/UI designer of Project 3. iOS app using Interac e-transfer API to send invoices from freelancers.

## ACCOMPLISHMENTS

### Winner of Hackathon 2019

Co-designed the UX/UI of an iOS app called Project 1.

### Winner of Hackathon 2019

Designed the UX/UI of an iOS app called Project 2.
